**MIGRANT AND SEASONAL AGRICULTURAL WORKER PROTECTION ACT
(MINI TEMPLATE)**

***INSTRUCTIONS TO USER: INCLUDE THE FOLLOWING CLAUSES FOR
PREDOMINATELY MANUAL FORESTRY OR AGRICULTURAL WORK***

SECTION H

FSAR 4G52.222-701 Employment of Eligible Workers (DEC 1999)

Section 274A of the Immigration and Nationality Act (8 USC 1324a) makes it unlawful for an employer to hire undocumented workers. The Immigration and Naturalization Service (INS) has established the Form I-9, Employment Eligibility Verification Form, as the document to be used for employment eligibility verification (see 8 CFR 274a).

The contractor is required to (1) have all employees complete and sign the I-9 Form to certify that they are eligible for employment; (2) examine documents presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the form, and complete the certification portion of the form; (4) retain the form for three years, or one year past the end of employment of the individual, whichever is longer.

It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status.

Compliance with Section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) is a material condition of the contract. If the contractor employs unauthorized workers during contract performance in violation of section 274A, the Government may terminate the contract, in addition to other remedies or penalties prescribed by law.

For further information on the requirements of the Act, contractors should contact the Employer and Labor Relations Officer of their local INS office.

FSAR 4G52.222-702 Labor Standards for Contracts Involving Migrant and Seasonal Agricultural Workers (DEC 1999)

(a) *General.* This contract is subject to the Migrant and Seasonal Agricultural Workers Protection Act (MSPA) (29 U.S.C 1801-1872) and to Department of Labor regulations implementing MSPA (see 29 CFR 500). The purpose of MSPA is to eliminate activities that are detrimental to migrant and seasonal agricultural workers, to require registration of farm labor

contractors, and to assure necessary protections for the workers. In addition to traditional farm labor activities, the Act applies to predominately manual forestry work including, but not limited to, tree planting, release, precommercial thinning, and site preparation and wildland fire fighting.

(b) *Definitions.*

"Migrant Agricultural Worker" and "Seasonal Agricultural Worker", as used in this clause, mean individuals employed in agricultural (including forestry) work on a seasonal or temporary basis. A worker who moves from one seasonal activity to another is employed on a seasonal basis even though the worker may continue to be employed during a major portion of the year. Migrant workers are required to be absent overnight from their permanent place of residence. Seasonal workers are not required to be absent overnight from their permanent place of residence. Members of the contractor's immediate family are not considered to be either migrant or seasonal workers. "Immediate family" includes only (1) spouse; (2) children, stepchildren, or foster children; (3) parents, stepparents, or foster parents; and (4) brothers and sisters.

"Farm Labor Contractor", as used in this clause, means an individual who, for any money or other valuable consideration, paid or promised to be paid, performs any recruiting, soliciting, hiring, employing, furnishing, or transporting of any migrant or seasonal agricultural worker.

(c) *Registration Requirement.* Any contractor who provides or hires migrant or seasonal workers to perform agricultural or manual forestry work shall first obtain a Certificate of Registration from the Department of Labor or an authorized State agency. The contractor shall carry the Certificate at all times while engaged in contract performance, and shall display it upon request. Any of the contractor's employees who also perform any one or more of the activities defined for a "Farm Labor Contractor" in paragraph (b) must have their own Farm Labor Contractor Employee Certificate.

(d) *Worker Protections.* The contractor shall comply with the following protections and standards related to wage disclosure, record keeping, vehicle safety, and housing:

(1) The contractor shall display and maintain at the place of employment the MSPA poster provided by the Department of Labor.

(2) *Wage and Payroll Standards*

(i) The contractor shall disclose in writing to each worker in a language common to the worker the full terms of their employment, including workers compensation information, at the time they are recruited or hired. The Department of Labor provides an optional form WH-516 for contractor's use in disclosure.

(ii) The contractor must keep the following payroll records for each employee: name, address, social security number, basis for wages (i.e. per hour, per tree, per acre), number of units earned if paid on a per unit basis, hours worked, total pay, withholdings and purpose for each, and net pay. Payroll records shall be retained for three years.

(iii) Payments must be made no less frequently than every two weeks or semi-monthly. At the time of each payment, the contractor shall provide to the employee a written itemization of the information listed above and which shall include the employer's tax identification number.

(iv) If paid on a piece rate basis, the employee's wage must be at least equivalent to the required hourly wage for the hours worked, including overtime differential for time in excess of 40 hours per week.

(3) Motor Vehicle Safety

(i) The contractor must register all vehicles used to transport employees, unless employees provide their own transportation or carpool by their own arrangement in one of their own vehicles. The authorization to transport employees must appear on the contractor's certificate. If the contractor directs or requests employees to carpool, the registration requirement is still applicable. Any driver who transports workers for a fee or at the direction of the contractor must be registered as a farm labor contractor or a farm labor contractor employee.

(ii) Any vehicle under the ownership or control of the contractor shall comply with safety standards applicable to that vehicle. Generally passenger vehicles or station wagons must comply with Department of Labor regulations at 29 CFR 500.104. Vehicles other than passenger vehicles or station wagons which are driven more than 75 miles must comply with Department of Transportation Regulations referenced at 29 CFR 500.105. All drivers must have a current, valid State driver's license and must comply with Department of Transportation work/rest requirements.

(iii) Each vehicle under the ownership or control of the contractor which is used to transport any migrant or seasonal agricultural worker shall be covered by vehicle insurance in accordance with applicable state requirements.

(4) Housing

(i) The contractor shall house workers only in a commercial establishment or a facility that has been certified by a health authority or other appropriate agency. The contractor must post the certificate of occupancy at the housing site.

(ii) The authorization to furnish housing, other than commercial lodging, must appear on the contractor's certificate.

(e) For further information on the requirements of the Act, contractors should contact their local Wage and Hour Division of the Department of Labor.

Worker Housing

Supplement to 4G52.222-702 (d) (4) Add the following to the clause at H.8.2, subparagraph (4) Housing:

(iii) If the contractor is not furnishing worker housing:

Workers on this contract may obtain housing only in a residential accommodation, including a commercial establishment such as a hotel or motel, which meets all applicable state and federal standards for employee housing.

Within 10 days after award, and prior to the issuance of Notice to Proceed, the contractor must notify the Contracting Officer of the planned worker housing site.

If the housing site is located on a National Forest, the Contractor must obtain a permit from the District Ranger for the District on which the housing site is located and the facilities established for the workers must meet the applicable U.S. Department of Labor (USDOL) MSPA standards for such sites.

If the housing site is not located on a National Forest, the site must meet the applicable housing standards in MSPA.

If an exemption from the permit requirement is claimed, the contractor must provide a written statement identifying the law authorizing the exemption, stating the facts constituting an exemption under that law, and identifying a USDOL employee or official who stated or concurred that the accommodations were exempt, citing name, date, and means of communication.

If the housing site is changed after approval by the Contracting Officer, the contractor must provide a new Permit or exemption statement. The above requirements are material conditions of this contract. If the contractor fails to comply, the Government may terminate the contract. In addition, other remedies or penalties prescribed by law may apply

Field Sanitation

In accordance with US Department of Labor Fact Sheet No. ESA 97-28 "Field Sanitation Standards" (Ref. 29CFR 1928.110), employers must provide:

- ▶ Potable drinking water, suitably cool and in sufficient amounts, dispensed in single-use cups or by fountains, located so as to be readily accessible to employees.
- ▶ Facilities maintained in accordance with public health sanitation practices include upkeep of water quality through daily change or more often if necessary.
- ▶ Notification to each employee of the location of the water and allowance of reasonable opportunities during the workday to use them. The employer also must inform the employee of the relevant health hazards in the field and the practices necessary to minimize them.

Employees cannot be made to bear the costs incurred by the employer for providing required facilities.

FSAR 4G52.222-703 Migrant and Seasonal Agricultural Worker Protection Act Registration (DEC 1999)

The Migrant and Seasonal Agricultural Worker Protection Act (MSPA) (29 U.S.C. 1801-1872) and implementing regulations issued by the Department of Labor (29 CFR 500), require any employer who hires or anticipates hiring employees subject to MSPA to obtain an MSPA registration number.

If the contractor employs or anticipates hiring employees subject to MSPA, the contractor shall provide a valid U.S. Department of Labor MSPA Registration Number to the Contracting Officer within 10 days after notification of award of the contract.

The Government may demand that the contractor display MSPA registration at any time during contract performance if it appears that the contractor is employing workers subject to MSPA. On demand, the contractor shall display its MSPA registration or state why it is exempt from MSPA.

Compliance with MSPA is a material condition of the contract. If the contractor fails to provide a valid MSPA number in accordance with this clause, or falsely states that it is exempt from the MSPA, the Government may terminate the contract, in addition to other remedies or penalties prescribed by law.
